J&A Price Book

J&A (International) Limited
THE GARMENT DECORATION SPECIALISTS

Price Book

Quote Price Book

Category: All

Product:

Dimensions: **MM** CM Inches

Colours: 1

Quantity:

Unit Price: 0.00 Total Cost: 0.00

12/01/2023 Version: 1.0

The initial screen (**Quote**) allows you to obtain a quote by first choosing a Category and then a Product. Once you have chosen the appropriate product, you can enter the Dimensions in mm, cm or inches, followed by the number of Colours (where applicable) and a Quantity. Some products will also have options such as Blocker, Metallic Colours or Overlocking which you can select or deselect as required. Once you have filled out all of the relevant information you will be shown a unit price and a total cost based on your specified quantity. Once you have a valid price, the printer icon is available in the bottom-right of the screen to allow you to print a hard copy (or to print to a PDF if your computer has that facility).

£5.08	£4.47	£3.38	£1.86	£1.12	£0.88	£0.76	£0.69	£0.47	£0.41	£0.36

Unit Price: £1.64 Total Cost: £246.00

12/01/2023 Version: 1.0

The other screen (**Price Book**) is where you can see the entire price grid for a particular product and size category. First, select a Category and then a Product from the boxes at the top of the screen. You can then click into the Area box to choose a size category. Once these three options have been completed, the price grid will be shown.

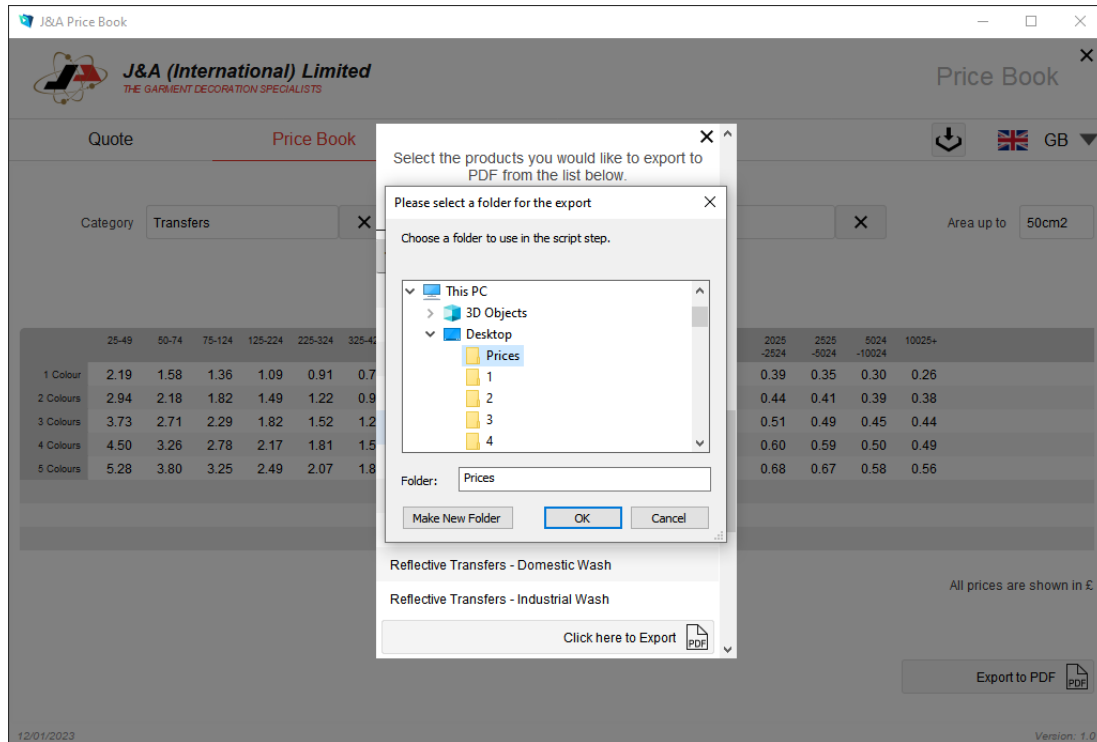

The screenshot shows the J&A Price Book interface. At the top, there is a logo for J&A (International) Limited, THE GARMENT DECORATION SPECIALISTS. Below the logo, there are tabs for 'Quote' and 'Price Book', with 'Price Book' being the active tab. On the right, there is a download icon, a flag for GB, and a dropdown menu. Below this, there are three input fields: 'Category' with 'Transfers', 'Product' with 'Endura Transfers', and 'Area up to' with '50cm2'. The main part of the screen is a price grid with columns for various size categories and rows for different color options. At the bottom right, there is a button labeled 'Export to PDF' and a note that 'All prices are shown in £'. The date '12/01/2023' is visible in the bottom left corner, and 'Version: 1.0' is in the bottom right corner.

If you would like to export a price list to your computer as a PDF file, you can do so by clicking on the “Export to PDF” button in the bottom-right of the screen. This will bring up a list of products that you can export a price list for. If you want a price list for just one or a few of the products, then you can click on each product in the list separately and a green tick will be shown next to them. If you would like to export a price list for all of your products, simply click the “All” button at the top of the popup window and a tick will appear next to every product. When you have the correct products ticked, click the “Click here to Export PDF” button at the bottom.

The screenshot shows the J&A Price Book interface with a popup window open. The popup window has a title bar and a close button. It contains the text: 'Select the products you would like to export to PDF from the list below.' Below this text are two buttons: 'None' and 'All'. The main content of the popup is a list of products under the heading 'Transfers'. Each product has a green checkmark next to it, indicating it is selected for export. The products listed are: Cleanroom Transfers, Endura Kolormax, Endura Stitchmax, Endura Transfers, Flame Retardant Transfer, Mat Transfers, Reflective FR Transfers - Domestic Wash, Reflective FR Transfers - Industrial Wash, Reflective Transfers - Domestic Wash, and Reflective Transfers - Industrial Wash. At the bottom of the popup, there is a button labeled 'Click here to Export PDF'. The background of the main interface is dimmed, showing the same price grid as in the previous screenshot. The date '12/01/2023' is visible in the bottom left corner, and 'Version: 1.0' is in the bottom right corner.

In the next popup window, you will be asked to choose a folder to save the price lists into.

As a separate PDF document is generated for each product (so if you have ticked 10 different products, you will get 10 different PDF files) it is recommended that you create a folder to save the price lists into. If you click on "Desktop" in this popup window and then click the "Make New Folder" button, it will create a new folder on your Desktop. This is usually called "New folder" by default. If you want to rename the folder, right-click on it and choose "Rename". You can then type a new name, such as "Prices" and press the Enter key on your keyboard to confirm. Now, with your new folder highlighted in the popup window, click the OK button. The price list PDFs are now saved to the folder you just created on your Desktop.
