

Raised 3D Helmet Stickers

Raised 3D Helmet Stickers

Raised 3D helmet stickers are a durable and versatile way to apply your design or logo to a helmet or hard hat without needing to have a background.

KEY BENEFITS

- Durable 3D transfer stickers without a background
- Supplied individually with clear transfer film applied
- Very strong, permanent adhesive
- Gives the appearance of being moulded onto the helmet
- Scuff, peel and fade resistant
- Independently approved adhesive for use on safety helmets
- Excellent high definition and vivid colours
- Available in any size or shape
- Virtually unlimited colour range

TYPICAL USES

- High quality reflection of corporate identity onto hard hats
- Independently approved as being suitable for Safety Helmets
